## The Next Generation EXPRESS clock

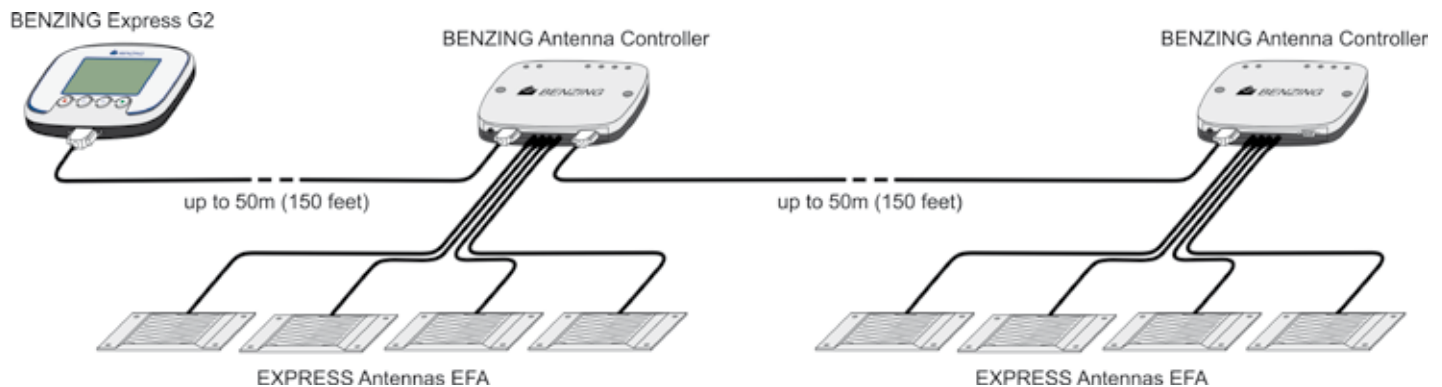

After the huge success of the EXPRESS clocking system, we did a total overhaul of its design and created the next generation clock called the BENZING Express G2. It is the ideal solution for smaller pigeon lofts or new comers in the pigeon sport. It has been built on the latest technology but at the same time still remains focused on the basic essentials – giving you exceptional value for state of the art technology.

### Your Advantage:

- Exceptional value for money
- Memory for 250 pigeons and 8 simultaneous races
- Supports up to 100m (300 feet) of cable between the antennas
- High clocking speed (20 pigeons per second)
- Compatible with existing EXPRESS antennas (up to 8 pads)
- Full graphic display of all the information
- Driven by a powerful CPU
- Easy and ergonomic handling, including a user friendly graphic interface (icons)
- Portable unit for table or wall mounting
- Printouts with any printer possible when connected to your PC (with BENZING Express G2 DOC)
- Emergency power supply for up to 5 hours (with BENZING Express G2 DOC)

# BENZING Express G2 System

The BENZING Antenna Controller allows the BENZING Express G2 system to connect up to 4 antenna pads. In turn, a second BENZING Antenna Controller can be installed to allow a maximum of 8 antenna pads per installation. The connection cable can be up to 50m (150 feet) to the BENZING Express G2 or to further BENZING Antenna Controller. This allows for a flexible installation at the pigeon loft.

## BENZING Express G2 DOC

### Guaranteed recording of the pigeons

The BENZING Express G2 DOC allows for continuous power even in the event of a power surge or outage. The BENZING Express G2 DOC was designed especially as an emergency power supply for our BENZING Express G2 clocking system. In the event of a power outage or fluctuations in the power supply, the DOC has sufficient power for up to 5 hours. This even allows lofts that have no mains supply to use the BENZING Express G2 with ease.

In addition the BENZING Express G2 DOC is shipped with *Printer Manager Software*. This allows the fancier to print race results to any printer connected to a PC.

### Your Advantage:

- Back-up power protection of up to 5 hours
- Timing with the BENZING Express G2 even without mains power at the loft
- Printouts with any printer connected to your PC with the BENZING *Printer Manager Software*
- Integrated intelligent battery charger keeps your battery in shape
- USB Plug & Play connection to your PC
- Elegant and small housing

**BENZING**

Innovation through Tradition. Since 1863.
